## Group Class Policies

Does my pass have an expiration?

All passes have an expiration date & don't roll over to the next month or session.

Gender Balance in class

We don't require a partner to join in and frequently rotate partners in class.

However of course we can't guarantee an even balance of leaders & followers.

Do I have to switch partners in class?

It is not required for students to switch partners during group classes, but is strongly encouraged to help you improve.

When can I move on to the next level?

Students must take all modules in the current level before moving on to the next level. All level 3 classes require an additional instructor approval to join.

What do I do if I miss a class?

Come to student practice sessions, review the video from previous class or take a private lesson to make up the material.

What should I wear to class?

Something comfortable! Dance shoes with a leather sole are recommended.

How many people are in classes?

This is difficult to predict, but as a general rule there are between 15-30 people in a group class.

\*Please see the front desk or our online calendar for specific times and days.

**Ballroom private lessons are available by appointment**

## Ballroom Team- by audition

Do you enjoy partner work, styling and social dancing and are looking for a challenge or opportunity to perform? We have several different teams to support various levels of skill /experience.

# Tools For Success

## Facebook Groups

Search Facebook for DF Ballroom Community and request to join. Here you will find announcements, events, and tips for what you are learning in class.

### **BEST DEAL!**

Purchase 3 months or modules together to get a discount and also get 3 corresponding months of the ballroom lab for free! Mix and match any combination of 3 months or modules to get this deal.

## Ballroom Lab

This lab is our student's biggest key to success. Review the basics and practice your new moves. It is 25 min of ballroom instruction and 25 minutes of guided practice

## Dance Shoes

Trying to dance in the wrong shoes is like trying to play football in high heels. We recommend that all our students invest in a pair of proper dance shoes. While we do not require students to purchase from us we do carry a wide variety of shoes and will assist you in finding the right pair for you.

## Class Syllabus

All of our classes have written class syllabus available for students to keep track of their progress and use for personal practice

## Group Classes

- Meet other ballroom and social dance students
- Practice leading /following with different partners
- Little opportunity for individual feedback
- Up to 30 people in a class

## Private Instruction

- Personalized instruction
- Lots of feedback
- Opportunity to dance with the instructor
- Learn at a much faster rate.
- Flexible schedule
- Performance opportunities

## Newsletters

Twice a month we send out a newsletter with tips, events, inspiring articles, and student highlights.
